

Amusements

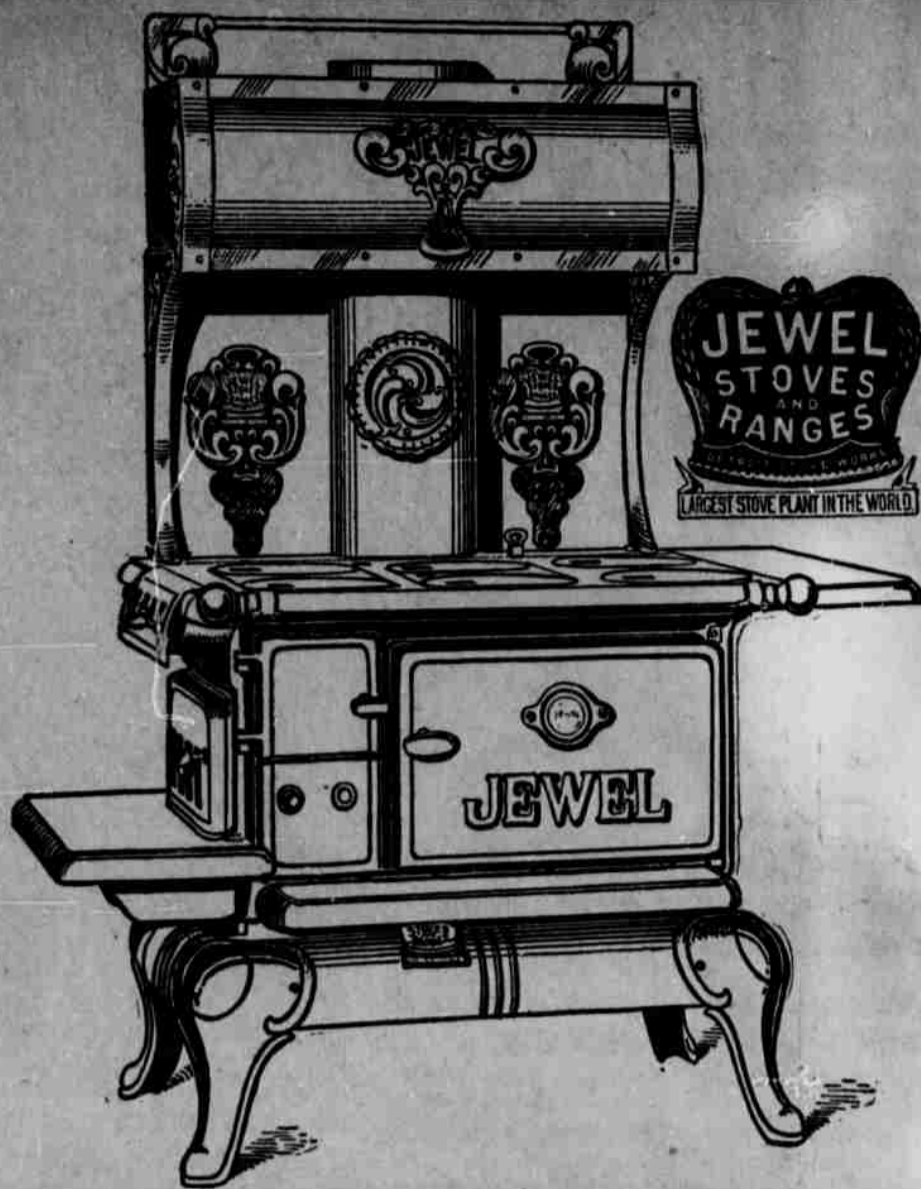

Harold McGrath's "The Goose Girl." What is conceded to be one of the most delightful romantic dramas of the decade, "The Goose Girl," will be the attraction at the Colonial Theatre next Saturday night, November 9. To those who have read the novel, it is evident that the play follows the book closely, while those who are unfamiliar with the book are well entertained, as the story is unfolded clearly. It concerns a maid of royal blood who is forced by fate to tend geese by the wayside. A dashing American comes into her life, falls in love with her and restores her to her rightful station, but not without many thrilling adventures. "The Goose Girl" is a good, healthy play, well presented by a capable company. Seats on sale Wednesday morning.

ORDINATION LAST NIGHT.

Ordination services were conducted at the First Baptist church last night, ordaining Rev. A. W. Mays of Grimes county to the full ministry of the Missionary Baptist Church. The presidency was composed of Dr. M. E. Weaver, Rev. W. R. Brown, Rev. J. M. Bullock, Rev. D. B. Walte, Rev. Frank Merka, Rev. S. W. Buchanan, Rev. W. J. Meads, and Rev. White.

The ordination sermon was preached by Rev. W. R. Brown, and the examination was conducted by Dr. M. E. Weaver. The Holy Bible was presented to the candidate by Rev. White, and the charge delivered by Rev. J. M. Bullock. After the closing prayer by Rev. S. W. Buchanan, the solemn rite of the laying on of hands was administered by all the members of the presidency.

Cutting Scrapes Sunday Morning. Early Sunday morning Carlos Trebino, a Mexican employed in a restaurant on Rat Row, was seriously stabbed by J. W. Ledbetter, a white bricklayer. Ledbetter is being held awaiting the outcome of the Mexican's wounds. Trebino was in a serious condition Sunday, but this morning he is much improved and there is now small probability of the stabs proving fatal.

THE CITY SCHOOLS

Miss Collins, Miss Dearing, Miss Christian and Miss Allie Montgomery each have an enrollment of above fifty, and a lack of seats in consequence. Just what to do about it is the problem.

Mr. Kinnard, Mr. Simpson, Mr. Bates, Miss Weddington and Miss Board are teaching classes of between thirty and forty, the largest classes in the schools.

Five new teachers came in the schools this year under the rule of first grade certificates, or higher. That rule was adopted by the trustees last spring and will help the school work very much.

It is interesting to note that football has been abolished from the schools of Bavaria by a recent decree. That reminds us that Columbia University, one of the greatest educational institutions in America, has done the same thing.

The schools now have a fine display of works of art as a result of the efforts of teachers and pupils last spring. Such things mean much for the pupils.

Schools will improve just in proportion to the improvement of the teachers. If there is something in the schools which does not suit you, don't kick, but help us create sentiment for further improvement.

Bryan schools can be still further improved if the people want it done. Will you help us do it? Help us talk up the good points and help us work for sentiment in favor of further advanced steps.

TO VISIT NAVASOTA ON TUESDAY, NOVEMBER 12.

By invitation from Mr. J. J. Felder, Secretary Hewitt of the Bryan Commercial Club will come to Navasota on the night of the twelfth for the purpose of addressing the business men with reference to the advisability of organizing a commercial club for this city. Mr. Hewitt has had a good deal of experience since his connection with the organization at Bryan, and in all probability can say much of an enlightening nature along the line of business organizations, its advantages, etc. We trust the gentleman will be greeted by a full audience and that whatever he may say will have a good effect upon local business interests.—Navasota Examiner.

We take this opportunity of thanking the Buchanan quartette for their assistance in rendering the music at the Sunday morning service, hoping to have them with us again in the near future.

tables. None of them had ever tried it before. There are forty-five girls in that club, every one of whom cultivated one-tenth of an acre at a great profit. Over in Marion county, where last year not an empty tin can was sold, five carloads were sold this year, and at the close of the season not a can was left.

"Oh, yes," said he, "we teach the head, heart, hand, health: head to think, plan, execute; heart to be sympathetic, kind, loyal; hand to be helpful, useful, skillful; health to resist disease, enjoy life, be efficient."

He described a correspondence course that would be added to the club work this year. Every boy or girl of any of the clubs will receive a letter of instruction every month.

Dr. Morgan, the next speaker, said: "We must depend upon you teachers for a large part of our work. The few and not the masses come here. We must reach the masses with our information through the rural teacher."

Professor Irvin told the teachers that they were not reaching their highest usefulness unless they taught men how to earn a living.

Professor Potts' address on "How Good Roads Will Assist the Rural School" was a practical plea for the school to help them to help themselves.

Professor Ridgway's address upon "The Dairy Industry" was a practical illustration of the dairy cow as a profitable investment.

On the return trip a motion was put and unanimously carried extending thanks to Mr. Howell, Colonel Milner, Professor Kyle and all others who had participated in making the day such a great pleasure to the visitors. The reporter was charged to "be sure and express our thanks in the strongest terms because we have enjoyed the day wonderfully."

A CONFIRMED STATEMENT.

Evidence Bryan Readers Will Appreciate.

Doan's Kidney Pills have done splendid work in this locality. Have merited the unstinted praise they have received. Here's evidence of their value that none can doubt.

It's testimony from this locality twice told and well confirmed. Such endorsements are unique in the annals of medicine.

Should convince the most skeptical Bryan reader.

Mrs. H. L. Butler, Conroe, Texas says: "I can still recommend Doan's Kidney Pills and I confirm the statement I gave in their praise in May, 1908. I have had no occasion to use a kidney medicine since and I know my cure is permanent. I was subject to pains in the small of my back that came on without warning. I also had a feeling of distress in my head and spots darted before my eyes. I knew that my kidneys were not working right and procured a box of Doan's Kidney Pills. My back was relieved and I was no longer bothered by symptoms of kidney complaint."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
